SHUFFLERS WILLING TO SERVE

1. OPENING REMARKS

As you all are aware, time to time, we need individuals to step up and fill vacant and full time positions. These positions are critical to the success of the FSA and the sport we enjoy. From time to time positions become vacant for a variety of reasons.

A. Positions

- i. Serve on the Executive Board
- ii. Volunteers for committees
- iii. Work to become a Tournament Director
- iv. Any other created positions to increase participation in shuffleboard

2. SOLICITATION FROM BOARD MEMBERS

I ask that you actively announce in your districts, that the FSA board is seeking to compile a list of individuals that would like to become a board or committee member. This will require all interested individuals to submit a written request and list his/her qualifications pertaining to the position or positions they would like to be considered. We will then create a skills bank to assist the FSA President or committee chairpersons when selections have to be made. This information can also be used by the nominating committee for potential individuals interested in future positions on the Executive Board.
