

Hello everyone. I hope that you are all well and trust that you are getting through these trying times as well as you can. It certainly has made us aware of all that we had. Hopefully, we will be able to get back to a semblance of normalcy in the coming months.

I want to update you on a few topics. We remain closed for all play and events. We recently had an executive meeting of the Board and drew up some guidelines for a limited opening of club play when the town deems it appropriate. The guidelines have been shared with our contacts and I am sure we will get valuable feedback from them. When things are finalized I will share them with you all.

The town has had a crew at the courts during the past week. They have been repairing rotted trim and supports around the property. Looks great. Good job.

Mike Beall has been busy in his home workshop and has made a new storage area for all of our chalk, sponges, etc. When you come back you will notice some differences. Thank you Mike.

When we closed I took home all of the 160 “new” discs that we purchased a few years ago. As most of you know Mike and Tom Carbonell had refinished our “old” discs and we had been playing everyday with them for a few weeks before we closed. Since I had little else to do I refinished all of the discs starting at 80 grit and going up to 600 grit. They look great and we now have two full sets of refinished discs. This will allow us to keep one set for tournament play only.

I know that this is a trying time for everyone. Cindy and I wish you all the best and hope to see you again on the courts soon.

Zak
